# CONFERENCE OBJECTIVES

1- Participants will identify trends observed in presenting victims of sex trafficking and observe the impact on healthcare facilities.

2- Participants will identify signs and symptoms of Post-Traumatic Stress Disorder in military personnel and EMS providers and will discuss the methods for assisting those struggling.

3- Attendees will identify the signs of intimate partner violence in presenting patients and assess the role of the healthcare provider in further prevention and treatment.

4- Attendees will review potential active shooter protocol for their healthcare facility so they are able to respond accordingly, should the need arise.
